

MUHAMMAD RAJEEL SIDDIQUI

Web Developer

I am a dedicated Front-End Developer with a strong foundation in web technologies, including HTML, CSS, JavaScript, Bootstrap, and React.js, driven by a passion for creating user-friendly interfaces. Through continuous learning, I've gained hands-on experience in Django, Next.js, and MySQL, and I'm proficient in Git/GitHub for version control. I have a working knowledge of C# and Python, which has strengthened my backend development skills, and I've worked with MySQL and MongoDB databases. During my academic journey, I demonstrated my technical abilities by excelling in an HTML/CSS hackathon, proving my capacity to deliver high-quality results under pressure.

RELEVANT SKILLS

- **Frontend:** HTML, CSS, JavaScript, Bootstrap, Reactjs
- **Backend:** Node, Python
- **Full Stack:** Nextjs, Django, Mern
- **Databases:** MySQL, MySQL ITE, MONGODB
- **Version Control:** Git, GitHub
- **API Check:** Postman
