

MUHAMMAD RAJEEL SIDDIQUI

Full Stack Developer

I am a dedicated Full-Stack Developer with a strong foundation in modern web technologies, including HTML, CSS, JavaScript, Bootstrap, and React.js, driven by a passion for creating high-performance, user-friendly interfaces. Through continuous learning, I have gained hands-on experience in the MERN stack (MongoDB, Express.js, React, and Node.js) and Next.js, and I am proficient in Git/GitHub for version control. I have a working knowledge of Python and DevOps—including Docker, Kubernetes, and Nginx—which has strengthened my ability to manage scalable cloud infrastructure and deployment pipelines. My technical journey is marked by a commitment to writing clean, efficient code and collaborating to enhance complex web features while delivering high-quality results under pressure
